

THE SMART WORKS NETWORK

Smart Works is a UK charity that exists to give women the confidence they need to reach their full potential, secure employment and change the trajectory of their lives.

What is the Smart Works Network?

The Network is a community of former Smart Works clients who have recently returned to work, and would like support, advice and inspiration. Over time, being a member of the Smart Works Network helps to expand career horizons and support personal and professional development. It is a vital part of our service as we endeavour to support our clients throughout their employment journey.

Every client is invited to join the Network and attend tailored sessions where they can socialise and meet with other professional women across different industries. From make-up masterclasses to workshops on conquering imposter syndrome or managing money, we love to offer a variety of in-person and virtual events for our clients.

“I was so inspired to hear from experienced professionals that were in such senior positions. It made me feel like the world is my oyster and I can do anything I put my mind to. So pleased I came and can’t wait to start putting some of the tips and advice in to practice.”

- Network Member

Interested in hosting an event?

Find out more about hosting a Smart Works Network event and having the opportunity to engage with our wonderful clients by emailing nicola.rose@smartworks.org.uk. We would be delighted to work with you to design a session for our Network.
